- D Ring: 1cm wide x Two pieces

Fabric shown for this sample: YGA-91030-1A

Pattern and Cutting Layout

Unit: cm All raw edge

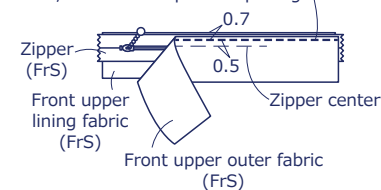

Instructions Front Side - (FrS), Reverse Side (RvS)

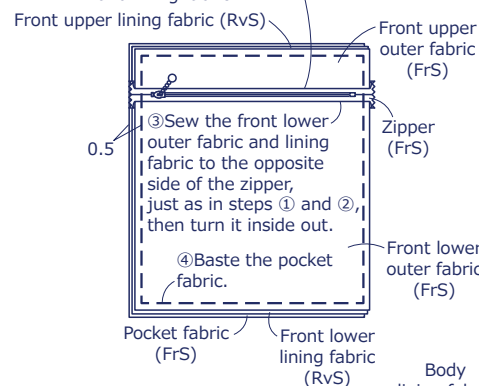

☆Backstitch at the beginning and end of the seam.

1. Make the front panel

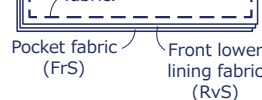

①With the front sides facing each other, align the front upper outer fabric and lining fabric together, place the zipper between them, and sew the pocket opening.

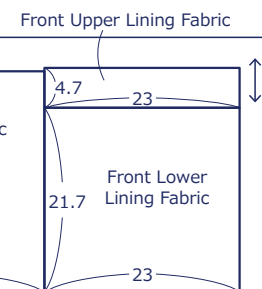

② Turn over the front upper outer fabric and lining fabric.

③Sew the front lower outer fabric and lining fabric to the opposite side of the zipper, just as in steps ① and ②, then turn it inside out.

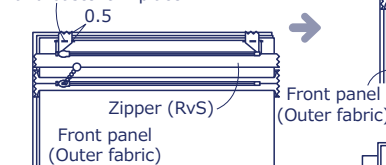

④Baste the pocket fabric.

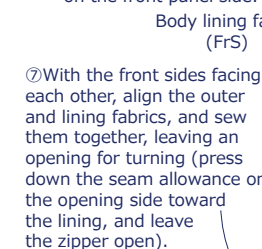

2. Finish the bag

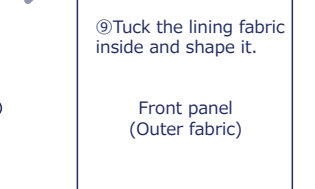

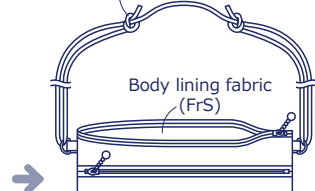

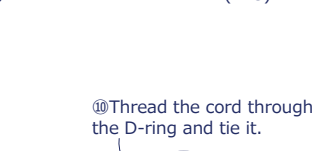

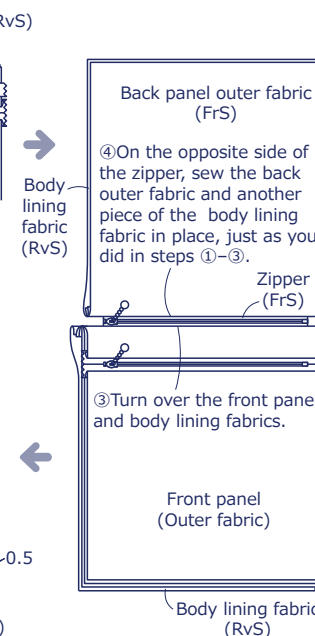

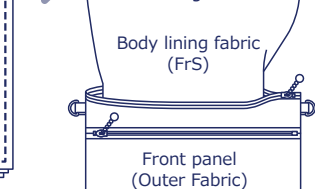

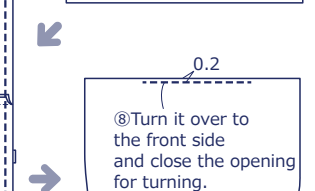

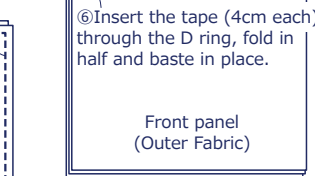

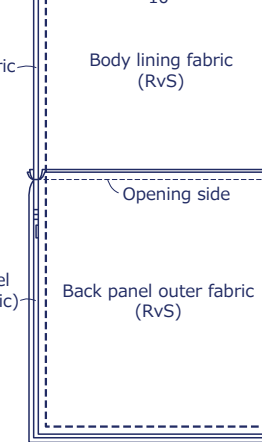

①Fold the end of the zipper and align it with the front outer fabric with the front sides facing each other, and baste it in place.

⑤Avoid the body lining fabric on the front panel side.

⑦With the front sides facing each other, align the outer and lining fabrics, and sew them together, leaving an opening for turning (press down the seam allowance on the opening side toward the lining, and leave the zipper open).

⑩Thread the cord through the D-ring and tie it.
