Instructions Front Side - (FrS), Reverse Side - (RvS)

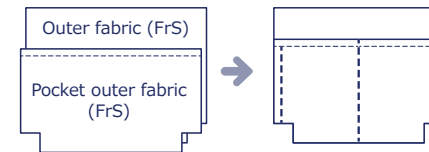

①

With the front sides facing outside, stack the pocket outer and lining fabrics, and sew the top edges together.

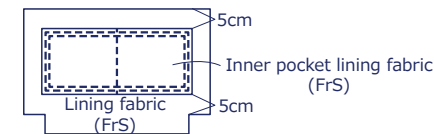

②

Place the pocket fabric and the outer fabric on top of each other, then sew along both edges and the center line of the pocket.

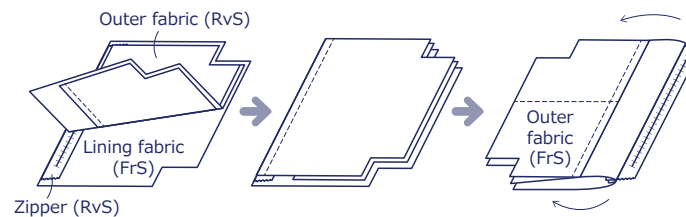

③

Sew the inner pocket to one side of the lining fabric.

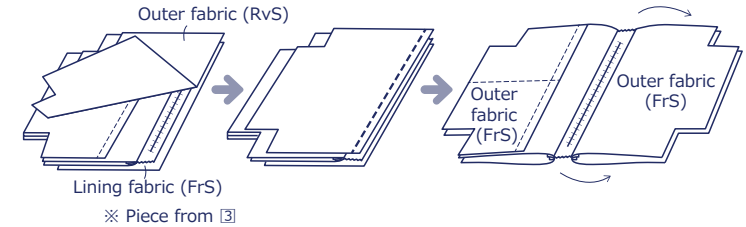

④

Lay the lining fabric, zipper, and outer fabric on top of each other, and sew the edges together through all three layers. When done with sewing, turn it inside out.

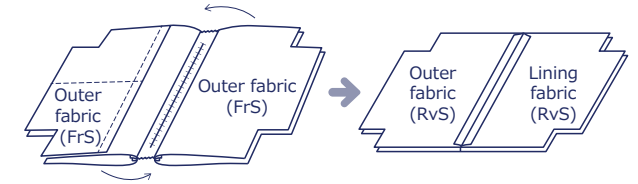

⑤

Sew the three pieces together on the other side as well, then turn it inside out.

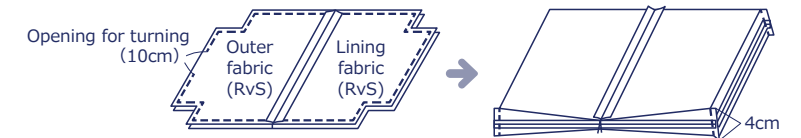

⑥

Align the outer fabric and lining fabric respectively with the front sides facing each other.

⑦

Sew the main body of the lining fabric, leaving an opening for turning, and create gussets at the four corners.

⑧

Turn side out through the turning opening, then close the opening.
