- A bit of cotton

Outer body: Candy Party / Caramel Crunch Trick Basket H3020 (1A)

Lining body: ueda college collection x KOKKA ICHIGO TO ARI H1620-20 (A)

cutting layout

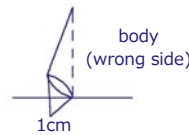

you do not have to add seam allowances when you cut out

INSTRUCTIONS

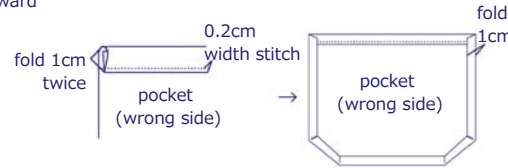

1. Sew darts

Sew bottom darts of each bag body. Press the outer body's darts toward the center. On the other hand, press the lining body's ones toward the outside.

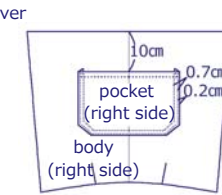

2. Attach a pocket on the outer body

① Make the pocket opening

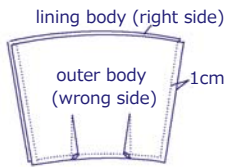

② Attach the pocket on the outer body

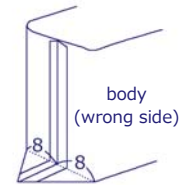

3. Sew each bag body

Face right sides of outer fabric with each other. Sew three sides with 1cm seam allowance along the edge.

• Repeat on the lining.

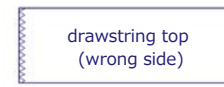

4. Make gusseted bottoms

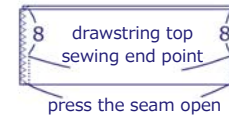

5. Make a drawstring top

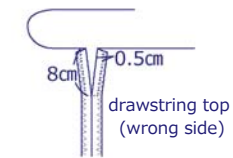

① Neaten the raw edges of each drawstring top fabric by a serger.

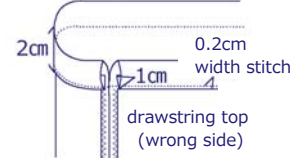

② With right sides out, sew along each side but sewing 8cm from the top on both sides.

③ Stitch along the both sides at the 8cm opening.

④ Fold the top down 1cm and then another 2cm to sew. Now you have a casing.

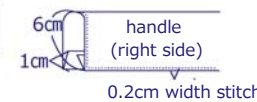

6. Make handles

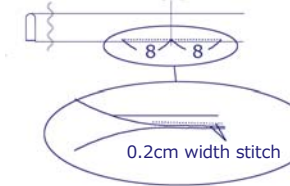

① Fold both side edges 1cm.

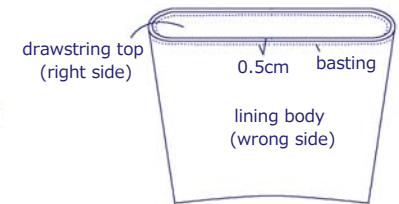

② Fold both side edges 1cm. Fold bottom and top long edge inward 1cm each. Fold it again in half to make the 6cm handle. Then stitch.

③ Sew 8cm from the center to both sides.

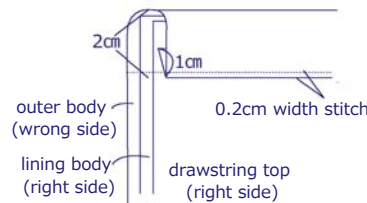

7. Baste drawstring top on lining body

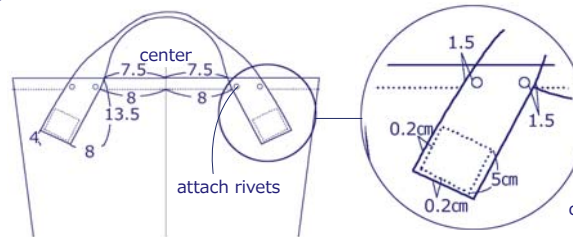

8. Get together outer and lining bodies.

Insert the lining into the outer. Lag the seams of lining body and drawstring with the seam of outer body.

9. Attach handles

10. Put cords into the casing and attach the stuffed strawberry at cord's end.
