Cutting Layout

All measurements are in centimeters (cm). The edges are left cut.

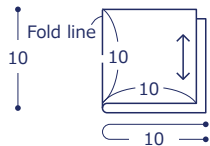

Outer fabric *same for the lining fabric

Pattern for the brim
(Enlarge to the designated size)

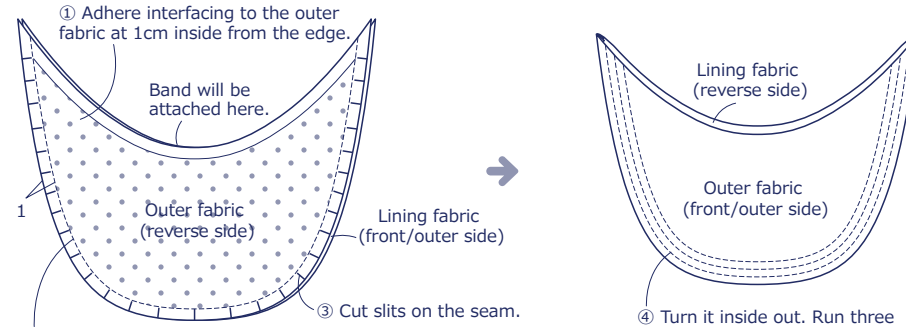

Fabric for threading elastic tape

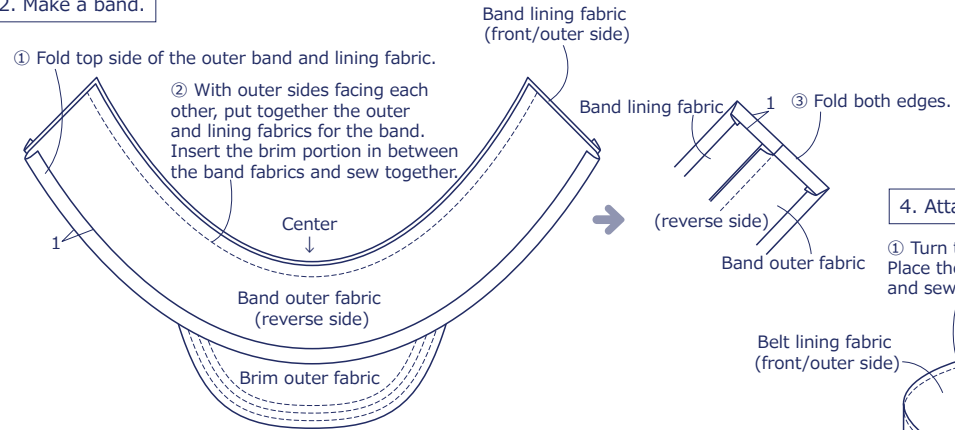

Instructions

1. Make the brim.

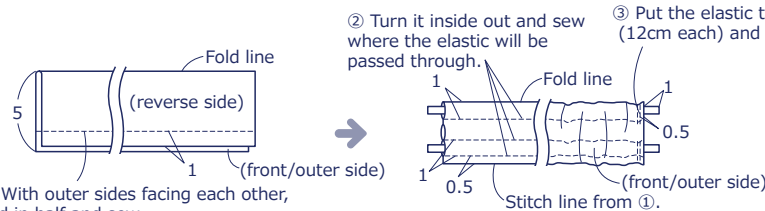

- ① Adhere interfacing to the outer fabric at 1cm inside from the edge.
- ② With outer sides facing each other, sew together the outer fabric and lining fabric. When sewing, leave the side where the band will be attached.
- ③ Cut slits on the seam.
- ④ Turn it inside out. Run three stitches at 0.5cm interval.

2. Make a band.

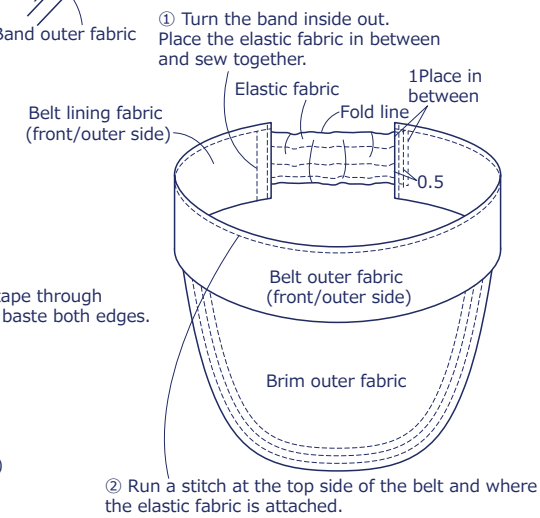

3. Prepare the fabric for threading the elastic tape.

- ① With outer sides facing each other, fold in half and sew.
- ② Turn it inside out and sew where the elastic will be passed through.
- ③ Put the elastic tape through (12cm each) and baste both edges.

4. Attach the elastic fabric to the band.

- ① Turn the band inside out. Place the elastic fabric in between and sew together.
- ② Run a stitch at the top side of the belt and where the elastic fabric is attached.
